

# TAKE YOUR SAFETY STAND DOWN EVENT TO NEW HEIGHTS

**PROTECT YOUR WORKFORCE  
REDUCE PERSONNEL SICK DAYS  
INCREASE YOUR BUSINESS EFFICIENCY  
WITH A 'SAFETY STAND DOWN' EVENT  
FROM EVENT WORKS EUROPE**

A Safety Stand Down event can be a great way to re-educate your teams with key health and safety messages, and if you're a bringing your workforce off site for a day/part of a day, it's critical you make the most of the opportunity.

With our experience in event management and specific expertise in health, safety and wellbeing in the construction industry, we can help you deliver an engaging event tailored with content appropriate to your specific workforce and the risks they face.

We can work as an extension to your in-house team to deliver as little or as much as you need including:

- ★ Finding a venue
- ★ Establishing clear objectives for your event
- ★ Designing an engaging and interactive programme  
Covering all key aspects of Health, Safety and Wellbeing
- ★ Sourcing speakers and other providers to deliver content to meet the overall aims of the event
- ★ Bringing in engagement and interaction into the event, starting at the point of registration
- ★ Ensuring we tie in with your branding and wider comms strategies
- ★ Capturing valuable feedback from your attendees about their concerns

**TOGETHER LET'S RAISE THE BAR FOR A  
HEALTHIER CONSTRUCTION INDUSTRY**
